

THE NEW RANGE OF SAFETY KNIVES FROM

DURHAM - DUPLEX

Safety is understandably a major issue in the work place, with injury to operatives and damage to products being inherent risks where cutting is involved. However, "Durham Duplex" has the answer. This new range of safer knives with built in protection provided by guarded blades or spring-loaded retraction mechanisms allow cutting operations to be carried out with maximum safety and minimum risk.

- ▲ INCREASE SAFETY
- ▲ IMPROVE PRODUCTIVITY
- ▲ INCREASE PROFIT
- ▼ REDUCE INJURIES
- ▼ REDUCE ABSENTEEISM
- ▼ REDUCE PRODUCT DAMAGE

1 RETRO LIGHT (HT6) Die-cast metal, medium-duty knife with top mounted automatic spring-loaded retraction mechanism. Uses our WBG 206 medium-duty or WBG 207 heavy-duty trimming blades.

2a SPRINGER (right hand) Trimming knife with side mounted automatic spring-loaded retraction safety mechanism. Uses our WBG 207, 5 hole heavy-duty trimming blades.

2b SPRINGER (left hand) Trimming knife with side mounted automatic spring-loaded retraction safety mechanism. Uses our WBG 207, 5 hole heavy-duty trimming blades.

3 RETRO (HT15) Die-cast metal, heavy-duty knife with top mounted automatic spring-loaded retraction mechanism. Uses our WBG 206 medium-duty or WBG 207 heavy-duty utility blades.

4 EASY CHANGE (HT28) Die-cast metal retractable blade knife with push button blade release, line feed blade replacement and 10-blade side load blade holder. Uses our WBG 207 heavy-duty trimming blades.

5 SUPASLIT DELUXE Heavy duty film and paper slitter with twin enclosed blades and easy change pop-out face. Uses 2 of our WBG 225 replacement blades.

6 SUPACUT Heavy duty steel film slitter with enclosed blade and non slip rubber insert. Uses our WBG 202, 3 hole double edged razor blade.

7 POLYSLIT Economy, moulded plastic, disposable film slitter with fixed enclosed blade.

8 POLYSLIT PLUS Medium duty moulded plastic, disposable film slitter with fixed enclosed blade.

9 POLYGLIDE Plastic moulded-heavy-duty "push action" slitter with steel blade carrier and sprung guard. Uses our WBG 202, 3 hole double-edged razor blades.

10a DUO SLIT Moulded plastic safety slitter with an enclosed blade and a spring retractable hook blade and pocket clip.

10b DUO SLIT BLADE MASTER Moulded plastic safety slitter with an enclosed blade and handy tape splitter.

11 POLYSAFE Moulded plastic film slitter with enclosed replaceable blade. Uses our WBG 203, 2 slot injector blade.

12 SUPASLIT PLUS Heavy-duty twin bladed film and paper slitter with twin enclosed blades, complete with safety guard. Uses 2 of our WBG 225 replacement blades.

13 AMBI-SAFE (HT944) Moulded plastic knife with automatic spring-loaded safety retraction mechanism. Can be used in left or right hand. Uses our WBG 207 1 hole replacement blades.

14 POLYSAFE PLUS Robust film slitter with enclosed blade and non-slip rubber handle insert. Uses our WBG 202, 3 hole, double-edged razor blades.

BLADE DISPENSERS

These handy "Durham Duplex" blade dispensers offer presentational options coupled with the security afforded from enclosing sharp edges thus minimising operative accidents and damage to blade edges.

SAFER BLADE DISPENSERS

- 1 DELUXE 100 BLADE DISPENSER** Spring-loaded design, holds 100 off our WBG 207 heavy-duty, WBG 208 hooked or WBG 209 concave trimming blades.
- 2 DELUXE 50 BLADE DISPENSER** Spring-loaded design, holds 50 off our WBG 207 heavy-duty, WBG 208 hooked or WBG 209 concave trimming blades.
- 3 STANDARD 100 BLADE DISPENSER** Gravity-fed design, holds 100 off our WBG 207 heavy-duty, WBG 208 hooked or WBG 209 concave trimming blades.
- 4 WBG 203 INJECTOR BLADE DISPENSER** Holds 20 off our WBG 203, 2 slot carbon steel injector blades.
- 5 18mm SNAP-OFF BLADE TUBE** Holds 10 off our SNB 100, 18mm segmental or non-segmental snap-off blades.
- 6 9mm SNAP-OFF BLADE TUBE** Holds 10 off our SNB 110, 9mm segmental or non-segmental snap-off blades.
- 7 WBG 201 SINGLE-EDGE BLADE DISPENSER** Holds 10 off our WBG 201 aluminium backed, single edge "GEM" quality razor blades.
- 8a+b 10 BLADE DISPENSER** Holds 10 off WBG 206 medium-duty, WBG 207 heavy-duty, WBG 208 hooked or WBG 209 concave trimming blades.
- 9 ECONOMY BLADE DISPENSER** Holds 10 off WBG 206 medium-duty, WBG 207 heavy-duty, WBG 208 hooked or WBG 209 concave trimming blades.

CARTON OPENING KNIVES

The "Durham Duplex" range of carton knives is designed to minimise both risk to operatives and prevent damage to the goods inside the carton. Using a combination of guards, adjustable blade depths and enclosed blades we aim to offer a solution to all your carton opening problems.

CARTON OPENING KNIVES

- 1 MORRI-CUT (HT915)** Moulded plastic safety slitter with twin tape splitters.
- 2 MICRO ADJUST KNIFE** Die cast metal knife with rotary blade depth adjustment. Uses our WBG 207, 5 hole heavy-duty trimming blade.
- 3 AMBI-SAFE HD (HT63)** Steel reinforced moulded plastic knife with automatic spring-loaded safety retraction mechanism. Can be used in left or right hand. Uses our WBG 218 1 hole trimming blades.
- 4 EDGE PROTECTOR KNIFE** Die-cast metal fixed blade utility knife with spring loaded blade protection bar. Uses our WBG 602, 4 hole 1 slot blade.
- 5 RING STRING CUTTER (HT81)** Solid plastic ring with enclosed carbon steel blade.
- 6 SPLIT RING STRING CUTTER** Split plastic safety ring with enclosed carbon steel blade.
- 7 IDEAL CARTON KNIFE (HT62)** 5 in 1 moulded plastic and metal, heavy duty carton opener with staple remover, string and plastic slitter and film slitter. Uses our WBG 216 replacement blades.
